## SCIENTIFIC PROGRAMME

Saturday February 2<sup>nd</sup> 2019

---

08:30 – 09:00 Registration

09:00 – 09:15 Opening Ceremony

---

### 1<sup>st</sup> Session

Moderators: K. Niamonitos, K. Papadouli

09:15 – 09:45 The significance of accurate diagnosis in clinical Endodontology  
G. Tzanetakis

09:45 – 10:15 The impact of 3D imaging on diagnosis and treatment planning  
G. Tsompanides

10:15 – 10:45 Endodontic cavity design. Recent scientific facts  
M. Kaliva

10:45 – 11:15 Working length determination: from theory to clinical practice  
K. Dervenis

---

11:15 – 12:00 Coffee break

---

### 2<sup>nd</sup> Session

Moderators: F. Delivanis, D. Kapetanakou

12:00 – 13:00 Current root canal irrigation protocols: dispelling the myths  
C. Boutsoukis

13:00 – 13:30 Latest advancements in root canal preparation technology: a critical  
evaluation  
K. Soros

13:30 – 14:00 Obturation of the root canal system  
D. Toliás

---

14:00 – 15:00 **Lunch break**

---

**3<sup>rd</sup>Session**

**Moderators:** A. Agrafioti, A. Loizides

**15:00 – 16:00** Dental trauma and its consequences on the young patient  
A. N. Bletsa

**16:00 – 17:00** Reshaping the way practitioners approach the treatment of the young infected or necrotic pulp in permanent developing teeth. Long term clinical outcomes from a private practice in Greece  
A. Chaniotis

---

**Hands On courses 1 – 3**

**17:00 – 20:00** *Hands On courses*

## Sunday February 3<sup>rd</sup> 2019

---

### 4<sup>th</sup> Session

**Moderators:** E.T. Farmakis, B. Frantzi

**09:00 – 09:30** From vital pulp treatment to pulpectomy. Treatment modalities  
K. Kodonas

**09:30 – 10:00** Pulp calcification: initial diagnosis, identification and efficient clinical  
management.  
S. Stefopoulos

**10:00 – 11:00** External cervical resorption: etiology, diagnosis and treatment  
A.M. Mavridou

---

**11:00 – 11:30** Coffee Break

---

### 5<sup>th</sup> Session

**Moderators:** P. Moisiadis, A. Charissis

**11:30 – 12:00** Clinical significance of instrument separation and perforation.  
Challenges and contemporary approaches  
Z. D. Tzima

**12:00 – 12:30** Case selection in Endodontic Microsurgery  
C. Beltes

**12:30 – 13:00** Endodontic Microsurgery; Latest concepts and techniques  
S. Floratos

---

### Hands On courses 4 – 6

**13:00 – 16:00** Hands On courses

---

**16:00** Symposium ends

## HANDS ON COURSES

Saturday February 2nd 2019

17:00 - 20:00 **Endodontic Training Circle A**

**ANATOMICALLY GUIDED SHAPING WITH CONTROLLED – MEMORY FILES**

Hosted by : COLTENE

Trainer : A. Chaniotis

**TF ADAPTIVE. Safe and easy**

Hosted by : SADENT

Trainer : I. Kokorikos

**MORITA EndoWave. The hybrid concept**

Hosted by : UNICON Hellas

Trainer : C. Dandakis

---

Sunday February 3<sup>rd</sup> 2019

13:00 - 16:00 **Endodontic Training Circle B**

**Gold Endodontics. Protaper Gold. 9 steps for efficient root canal treatment**

Hosted by : DENCODENTAL

Trainer: S. Magkos

**Predictable and safe ways for successful endodontic treatment: From round files to 3D chemomechanical preparation**

Hosted by : DENTAL EXPERT – ANNA ELMAOGLU

Trainer : A. Krokidis

**2Shape: Mechanical root canal preparation with two files**

Hosted by : PROVIDING & CONSUMING ASSOCIATION OF DENTISTS OF THESSALONIKI

Trainer : K. Dervenis
