The Executive Board of the ESE is delighted to invite you to the first biennial ESE Autumn Meeting that replaces the research and clinical meetings that have been held in Amsterdam since 2014.

The **ESE Autumn Meeting 2020** will take place at the Marriott Hotel, Budapest, Hungary, on 30/31 October 2020. The meeting will focus on – **RESTORATION OF ROOT FILLED TEETH**.

We have planned a very exciting programme that will offer the latest clinical updates as well as the latest findings in the biological, mechanical and material sciences associated with tooth restoration following root canal treatment. The talks will be presented by an impressive array of internationally renowned speakers. We hope that you will take advantage of the opportunity to attend the congress, meet old and make new friends, and enjoy the beautiful city of Budapest, Hungary.

The meeting will have broad appeal for a wide variety of general dentists, specialist endodontists, clinical and basic scientists, and pre- and postgraduate students with an interest in tooth restoration.

Registered postal address of the ESE
Postboks 1237 Vika, 0110 Oslo, Norway
