

Effect of age and caries on the pulp-dentine complex

Speaker: Leo Tjäderhane, University of Helsinki, Finland

Contemporary bonding approaches:

conventional adhesives vs “smart” self-adhesive cements

Speaker: Salvatore Sauro, University CEU Cardenal Herrera, Valencia, Spain

The role of polymerization in adhesive dentistry

Speaker: Milena Cadenaro, University of Trieste, Italy

12H02-12H42

The pros and cons of contemporary light-cured resin composite filling materials

Speaker: William Palin, University of Birmingham, UK

12H42-13H02

Discussion

13H02-13H42

Restoration of endodontically treated molars

Speaker: Julian G. Leprince, Université Catholique de Louvain, Belgium

13H42-14H02

Discussion

14H02-14H42

Oral bacteria and host immune system break down teeth and restorations, and the reciprocal effect on the cells

Speaker: Yoav Finer, University of Toronto, Canada

14H42-15H02

Discussion

15H02-15H42

Networking Time

10H02-10H42

The role of restorative treatment on the outcome of root canal treatment: epidemiological perspectives

Speaker: Lise-Lotte Kirkevang, Århus University, Denmark

10H42-11H02

Discussion

11H02-11H42

Striving for predictable treatment planning using the Dental Practicality Index

Speaker: Shanon Patel, King's College London, UK

11H42-12H02

Discussion

12H02-12H42

Post-endodontic direct restorations: combining functionality and aesthetics

Speaker: Maciej Zarow, Poland

12H42-13H02

Discussion

15H30-12H32 **Intro by Moderator**

15H32-16H12

New trends in post-endodontic restorations

Speaker: Giancarlo Pongione, Italy

16H12-16H32 **Discussion**

16H32-17H12

A post or an endocrown: from body-on-frame to unibody constructions

Speaker: Pekka Vallittu, University of Turku, Finland

17H12-17H32 **Discussion**

17H32-18H12

Multidisciplinary management of complex post endodontic restorations - a valid alternative to implants?

Speaker: Claudio Pisacane, Italy

18H12-18H32 **Discussion**

18H32 **Closing notes**
