

ESE Research Meeting: Friday 7th October 2016 - ACTA, Amsterdam, The Netherlands
Endodontology: Back to the Future - From Systematic Reviews to trusted evidence...and back again

Concept: Systematic reviews and reviewing will be analysed in the frame of modern endodontology

Systematic Reviews in Endodontology: Garbage or golden nuggets

Speaker / group leaders

09:00 - 09:10	General Introductions	Patrick Sequeira-Byron
09:10 - 09:40	Cochrane prioritisation exercise - what are the priorities and where are the gaps in primary research?	Anne-Marie Glenny
09:40 - 10:10	The realities of undertaking a (Cochrane) systematic review (in Endodontology)	Zbys Fedorowicz
10:10- 10:40	Break	
10:40 - 10:45	Introducing 3 Cochrane Reviews	Patrick Sequeira-Byron
10:45 - 11:00	1. Operative caries management in adults and children	Thomas Lamont
11:00 - 11:15	2. Single crowns versus conventional fillings for the restoration of root-filled teeth	Patrick Sequeira-Byron
11:15 - 11:30	3. Endodontic procedure for the re-treatment of periapical lesions	Silvio Taschieri
11:30 - 11:45	Divide into groups and escort to rooms	
11:45 - 12:45	Illustrating the good and the 'less good' aspects of 3 Cochrane reviews • Formulation of the question • Risk of bias and grading of body of evidence • Drawing conclusions and	
	1. Operative caries management in adults and children	Thomas Lamont, Jan Clarkson, Tanya Walsh
	2. Single crowns versus conventional fillings for the restoration of root-filled teeth	Zbys Fedorowicz
	3. Endodontic procedure for the re-treatment of periapical lesions	Patrick Sequeira-Byron, Silvio Taschieri, Massimo del Fabbro, Anne-Marie Glenny
12:45 - 13:00	Escort back to Auditorium	
13:00 - 13:30	Present findings of small groups	Patrick Sequeira-Byron
13:30 - 14:00	Lunch	
14:00 - 14:45	What next for primary and secondary research in endodontology (to cover funding / being a clinical Principal investigator etc)	Jan Clarkson
14:45-15:30	Methods - Practicalities of undertaking primary research. What constitutes a good RCT?	Tanya Walsh
15:30 - 16:00	Break	
16:00 - 16:15	Divide into groups and escort to rooms	
16:15 - 17:15	Design the trial from the review	
	Illustrating the planning aspects of 3 Cochrane reviews to inform future 'ideal' trials • Formulation of the question • Choice of inclusion and exclusion criteria, and selection of	
	1. Operative caries management in adults and children	Thomas Lamont, Tanya Walsh, Jan Clarkson
	2. Single crowns versus conventional fillings for the restoration of root-filled teeth	Zbys Fedorowicz
	3. Endodontic procedure for the re-treatment of periapical lesions	Patrick Sequeira-Byron, Silvio Taschieri, Massimo del Fabbro, Anne-Marie Glenny
17:15 - 17:30	Escort back to Auditorium	
17:30 - 18:00	Conclusions	Patrick Sequeira-Byron
18:00 - 18:30	Feedback / Resources / What next ?	All Speakers
18:30	End
