EDITORIAL

1. Too many reviews too few trials
Derek Richards
Evidence-Based Dentistry 2018 19 :2 - 2; March 23, 2018; 10.1038/sj.ebd.6401280
[Abstract](#) | [Full Text](#)

SUMMARIES

2. Insufficient evidence for the role of school dental screening in improving oral health
Richard D Holmes
Evidence-Based Dentistry 2018 19 :3 - 4; March 23, 2018; 10.1038/sj.ebd.6401281
[Abstract](#) | [Full Text](#)
3. Breastfeeding and occlusal development
Felicity Borrie
Evidence-Based Dentistry 2018 19 :5 - 5; March 23, 2018; 10.1038/sj.ebd.6401282
[Abstract](#) | [Full Text](#)
4. Beneficial effects of supervised toothbrushing on caries incidence in children and adolescents are questioned
Ruth M Santamaria & Charles Splieth
Evidence-Based Dentistry 2018 19 :6 - 7; March 23, 2018; 10.1038/sj.ebd.6401283
[Abstract](#) | [Full Text](#)
5. Limited evidence on best material for retrograde root fillings
Hani Ayup & Brett Duane
Evidence-Based Dentistry 2018 19 :8 - 9; March 23, 2018; 10.1038/sj.ebd.6401284
[Abstract](#) | [Full Text](#)
6. Single dose oral prednisolone and post-operative endodontic pain
Analia Veitz-Keenan & Debra M Ferraiolo
Evidence-Based Dentistry 2018 19 :10 - 11; March 23, 2018; 10.1038/sj.ebd.6401285
[Abstract](#) | [Full Text](#)
7. Periodontal treatment for the prevention of adverse birth outcomes
Silvia Spivakovsky
Evidence-Based Dentistry 2018 19 :12 - 13; March 23, 2018; 10.1038/sj.ebd.6401286

[Abstract](#) | [Full Text](#)

8. Periodontal disease has an impact on patients' quality of life
Ian Reynolds & Brett Duane

Evidence-Based Dentistry 2018 19 :14 - 15; March 23, 2018; 10.1038/sj.ebd.6401287

[Abstract](#) | [Full Text](#)

9. Chlorhexidine gel to prevent alveolar osteitis following mandibular third molar extractions

Marianne Dobson, Louisa Pillon, Ohsun Kwon & Nicola Innes

Evidence-Based Dentistry 2018 19 :16 - 17; March 23, 2018; 10.1038/sj.ebd.6401288

[Abstract](#) | [Full Text](#)

10. The use of chlorhexidine in the prevention of alveolar osteitis after third molar extractions

Christopher Wright, Vinay Mistry, Joshua Smyth, Wei Ning Saik, Nicola Innes & Thomas Lamont

Evidence-Based Dentistry 2018 19 :18 - 19; March 23, 2018; 10.1038/sj.ebd.6401289

[Abstract](#) | [Full Text](#)

11. Which surgical approach for palatally displaced canines?

Parthasarathy Madurantakam

Evidence-Based Dentistry 2018 19 :20 - 21; March 23, 2018; 10.1038/sj.ebd.6401290

[Abstract](#) | [Full Text](#)

12. Cone-beam computed tomography or conventional radiography for localising of maxillary impacted canines?

Niloufar Amintavakoli & Silvia Spivakovsky

Evidence-Based Dentistry 2018 19 :22 - 23; March 23, 2018; 10.1038/sj.ebd.6401291

[Abstract](#) | [Full Text](#)

13. Is there an association between maternal smoking and oral clefts?

Emily Crossan & Brett Duane

Evidence-Based Dentistry 2018 19 :24 - 25; March 23, 2018; 10.1038/sj.ebd.6401292

[Abstract](#) | [Full Text](#)

14. Insufficient evidence to support or reject effect of conservative TMD therapies on otologic signs and symptoms

Gaston Federico Coutsiers Morell

Evidence-Based Dentistry 2018 19 :26 - 27; March 23, 2018; 10.1038/sj.ebd.6401293

[Abstract](#) | [Full Text](#)

15. Are pharmacological treatments for oro-facial pain effective?

Debra Fischhoff & Silvia Spivakovsky

Evidence-Based Dentistry 2018 19 :28 - 29; March 23, 2018; 10.1038/sj.ebd.6401294

[Abstract](#) | [Full Text](#)

16. Insufficient evidence for interventions to prevent dry mouth and salivary gland dysfunction post head and neck radiotherapy

Debra M Ferraiolo & Analia Veitz-Keenan

Evidence-Based Dentistry 2018 19 :30 - 31; March 23, 2018; 10.1038/sj.ebd.6401295

[Abstract](#) | [Full Text](#)

17. Forthcoming evidence-based courses and conferences

Evidence-Based Dentistry 2018 19 :32 - 32; March 23, 2018; 10.1038/sj.ebd.6401296

[Abstract](#) | [Full Text](#)

natureevents

Natureevents is a fully searchable, multi-disciplinary database designed to maximise exposure for events organisers. The contents of the Natureevents Directory are now live. The digital version is available [here](#).
