

## **Professor Dag Ørstavik appointed President of the ESE**

The General Assembly of the ESE agreed recently to appoint Dag Ørstavik as the President of the Society from 1 January 2018 for a period of two years.

Dag was Treasurer of the ESE from 2002 to 2009, that is, from when the federal structure of the Society was launched. During that period he was a most astute Treasurer and made sure the ESE always had a sound financial base, which was sufficient to support the various activities of the ESE, such as research grants, congresses etc.

Dag followed a long-line of eminent ESE Treasurers. See:
