NEWS

Lessons from COVID and looking to the future

Elizabeth Kay

Evidence-Based Dentistry 2020 21 :118 - 118; December 18, 2020; 10.1038/s41432-020-0145-z

[Abstract](#) | [Full Text](#) | [PDF](#)

SUMMARIES

What evidence is there for the use of antibiotic prophylaxis in patients with periodontal disease to decrease the risk of prosthetic joint infections?

Carlos Fernando de Almeida Barros Mourão & Kayvon Javid

Evidence-Based Dentistry 2020 21 :119 - 119; December 18, 2020; 10.1038/s41432-020-0131-5

[Abstract](#) | [Full Text](#) | [PDF](#)

Smoking cessation is effective in reducing the risk of tooth loss

Asim Al-Ansari

Evidence-Based Dentistry 2020 21 :120 - 121; December 18, 2020; 10.1038/s41432-020-0130-6

[Abstract](#) | [Full Text](#) | [PDF](#)

Can smoking cessation impact the incidence and progression of periodontitis?

Neeraj Gugnani & Shalini Gugnani

Evidence-Based Dentistry 2020 21 :122 - 123; December 18, 2020; 10.1038/s41432-020-0136-0

[Abstract](#) | [Full Text](#) | [PDF](#)

Is there an association between oral health-related quality of life and Alzheimer's disease?

Anastasios Plessas & Martha Paisi

Evidence-Based Dentistry 2020 21 :124 - 125; December 18, 2020; 10.1038/s41432-020-0132-4

[Abstract](#) | [Full Text](#) | [PDF](#)

A comparison of techniques for the explantation of osseointegrated dental implants

Lindsey Young, Timothy Brown & Thomas J. Lamont

Evidence-Based Dentistry 2020 21 :126 - 127; December 18, 2020; 10.1038/s41432-020-0133-3

[Abstract](#) | [Full Text](#) | [PDF](#)

Hall technique: is it superior in success and savings to conventional restorations?

S. Simpson & P. J. Waterhouse

Evidence-Based Dentistry 2020 21 :128 - 129; December 18, 2020; 10.1038/s41432-020-0134-2

[Abstract](#) | [Full Text](#) | [PDF](#)

The use of anti-inflammatory drugs to prevent bleaching-induced tooth sensitivity is ineffective and unnecessary

Kenneth Markowitz & Maxine Strickland

Evidence-Based Dentistry 2020 21 :130 - 131; December 18, 2020; 10.1038/s41432-020-0135-1

[Abstract](#) | [Full Text](#) | [PDF](#)

Is periodontitis associated with hypertension?

Ahmad Sofi-Mahmudi

Evidence-Based Dentistry 2020 21 :132 - 133; December 18, 2020; 10.1038/s41432-020-0137-z

[Abstract](#) | [Full Text](#) | [PDF](#)

Can periodontal treatment reduce the risk of pneumonia? Time to consider modifying healthcare delivery protocols

Erfan Shamsoddin

Evidence-Based Dentistry 2020 21 :134 - 135; December 18, 2020; 10.1038/s41432-020-0141-3

[Abstract](#) | [Full Text](#) | [PDF](#)

Are single-visit regenerative endodontic procedures successful in treating non-vital, immature young permanent teeth?

Parthasarathy Madurantakam

Evidence-Based Dentistry 2020 21 :136 - 137; December 18, 2020; 10.1038/s41432-020-0142-2

[Abstract](#) | [Full Text](#) | [PDF](#)

Limited evidence suggests complete arch digital scans are less time efficient than conventional impression

Arwa Sedky & Iman Abd-Elwahab Radi

Evidence-Based Dentistry 2020 21 :138 - 139; December 18, 2020; 10.1038/s41432-020-0143-1

[Abstract](#) | [Full Text](#) | [PDF](#)

Which type of soft tissue augmentation at dental implant sites is best supported by evidence?

Kamran Ali & Elizabeth J. Kay

Evidence-Based Dentistry 2020 21 :140 - 141; December 18, 2020; 10.1038/s41432-020-0138-y

[Abstract](#) | [Full Text](#) | [PDF](#)

Should we root treat children's first permanent molars?

Niecoo Tajmehr, Anna Graham & Chris Deery

Evidence-Based Dentistry 2020 21 :142 - 143; December 18, 2020; 10.1038/s41432-020-0139-x

[Abstract](#) | [Full Text](#) | [PDF](#)

Limited evidence on differences between fixed appliances and clear aligners regarding pain level

Samer Mheissen, Haris Khan & Mays Aldandan

Evidence-Based Dentistry 2020 21 :144 - 145; December 18, 2020; 10.1038/s41432-020-0140-4

[Abstract](#) | [Full Text](#) | [PDF](#)

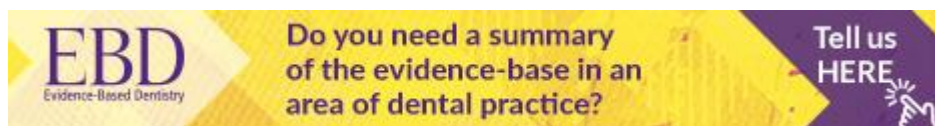

Fixed orthodontic retainers and periodontal health

Pauline A. J. Steegmans & Reint A. Meursing Reynders

Evidence-Based Dentistry 2020 21 :146 - 149; December 18, 2020; 10.1038/s41432-020-0144-0

[Abstract](#) | [Full Text](#) | [PDF](#)
