Original Scientific Articles

Effects of NaOCl, EDTA and MTAD when applied to dentine on stress distribution in post-restored roots with flared canals
S. Belli, O. Eraslan, O. Eraslan, M. Eskitascioglu and G. Eskitascioglu
Accepted manuscript online: 8 FEB 2014 09:26AM EST | DOI: 10.1111/iej.12260

Factors affecting the success rate of buccal infiltration anaesthesia in the mandibular molar region
H Kwon, Y Shin, S-Y Cho, S-H Park and I-Y Jung
Accepted manuscript online: 8 FEB 2014 09:26AM EST | DOI: 10.1111/iej.12259

Kinetics of glycogen synthase kinase (GSK) 3β and phosphorylated GSK3β (Ser 9) expression in experimentally induced rat periapical lesions
Z. Sun, L. Wang and B. Peng
Accepted manuscript online: 4 FEB 2014 08:31AM EST | DOI: 10.1111/iej.12258
